# KEY TO RACE MY OWN NEXT MONTH

## WHEELS WILL DECIDE SUPREMACY OF TURF

### Meeting of Thoroughbreds in Latonia Track Championship on November Third

(BY A. P. NIGHT WIRE)  
NEW YORK, Oct. 22.—Zev, international 3-year-old champion as a result of its decisive victory Saturday, over the English derby winner, will settle his rivalry with the American honors in the Latonia championship at Latonia, Ky., November 3, unless presents plans go astray.

Harry Greb, trainer of the champion, announced that the horse would be shipped to Latonia last week for the big test as Earl-Admiral Cary, owner of My Own, also had entered his unbeaten 3-year-old in the championship. Greb asserted that these two thoroughbreds would settle the question of supremacy.

Greban to RACE  
The key will keep Zev out of the race except a breakdown, "despite the fact," Greb added, that he had declined to enter his horse in the \$25,000 Washington derby at a mile and a quarter on the closing feature at Latonia, Md., next Saturday. My Own, as entry in this event, but the same speculation today whether Greb might not have his horse in anticipation of the Latonia championship.

It is a referee's verdict had been rendered after the fracas which drew 7,000 fans. Bogash would have received it. The lad from Connecticut had a clear lead on points when the bout ended. Bogash won six rounds, Greb had five and one was even.  
It was an uninteresting battle wholly typical of Greb. He fought in his usual style, giving small consideration to the ring's conventions. As a consequence the champion had the experience of being denounced by the crowd which roared the victory with its feet in several of the rounds. Greb wrestled Bogash down with a burst of catch-as-catch-can work in the eighth and the crowd yelled its approval. Twice in the second and third rounds, Greb almost wrestled Bogash through the ropes.  
Bogash won because he hit more cleanly and more frequently. He landed a new high mark, so that \$50,000 would put the Rancocas name beyond \$100,000 and the entire distance of the world's money.

HEAVY QUESTION  
A second match between Greb and Bogash would not be a provincial elimination test. No date has been set for the final.

# SNOLGRASS BEATS HOWARD KINSEY IN STRAIGHT SETS

## HARVEY GIVES FANS SURPRISE

Local Tennis Star Triumphs by 6-3, 6-0 Score

Alonso Defeats Richards in 6-1, 8-6 Match

Kinsey Team Trims Spaniard and New Yorker

About fifteen hundred enthusiastic citizens saw Harvey Snolgrass trim Howard Kinsey 6-3, 6-0, Manuel Alonso beat Vincent Richards 6-1, 8-6 and the Kinsey brothers wallow Richards and Alonso 6-4, 6-4 on the championship court of the Los Angeles Tennis Club yesterday afternoon. The matches were exhibition affairs and Alonso, Richards and the Kinsey brothers merely stopped over for the day en route to the big tournament at Mexico City.

But Kinsey was just off the train and playing his first match on the fast cement while Snolgrass, on the other hand, was hitting the ball in a manner to make it uncomfortable for Tilden. Kinsey found himself unable to time the shot properly and was swept from his feet by the blinding speed of the shots of the local champion.

RUSHES THE NET

Snolgrass rushed the net at every opportunity and never allowed the ball to hit the cement if it was possible to volley it. He volleyed deep to the corners of the court with tremendous pace and seemed to be able to handle shots from any position. The local champion was certainly on the very top of his game and it was too bad that Kinsey was not sufficiently in form to give him a contest.

Richards seemed to be more affected by the speed of the courts than Alonso and the fiery Spaniard had run out the first set at 6-1 almost in no time, but Richards began to get on to things as the second set got under way and it was a sensational tussle. Richards went into the lead at 6-5, but Alonso evaded matters on his own service and then broke through Richards after a hard battle, winning the final game and set on his own service at 8-6.

COMES TO LIFE

The men's doubles between the Kinsey brothers and Richards and Alonso, which latter team won the California doubles title Sunday at Berkeley, was spectacular in the extreme. All four took the ball shot back and forth in lightning exchanges of volleys that had the crowd screaming with delight. Bob Kinsey started poorly but came to life, as the match progressed and was playing beautiful tennis at the finish.

Alonso was spectacular in the extreme and was the big favorite with the crowd. His sensational "gear" and untiring court covering brought round after round of applause. Richards looked tired and worn and seemed more affected by the change from asphalt to cement than the others. Competition for the tennis was provided by a brush fire in the nearby hills, a squawking infant in a flat across the street and some sour music emanating from a jukebox band—but the crowd seemed to like the tennis best and stuck to the finish.

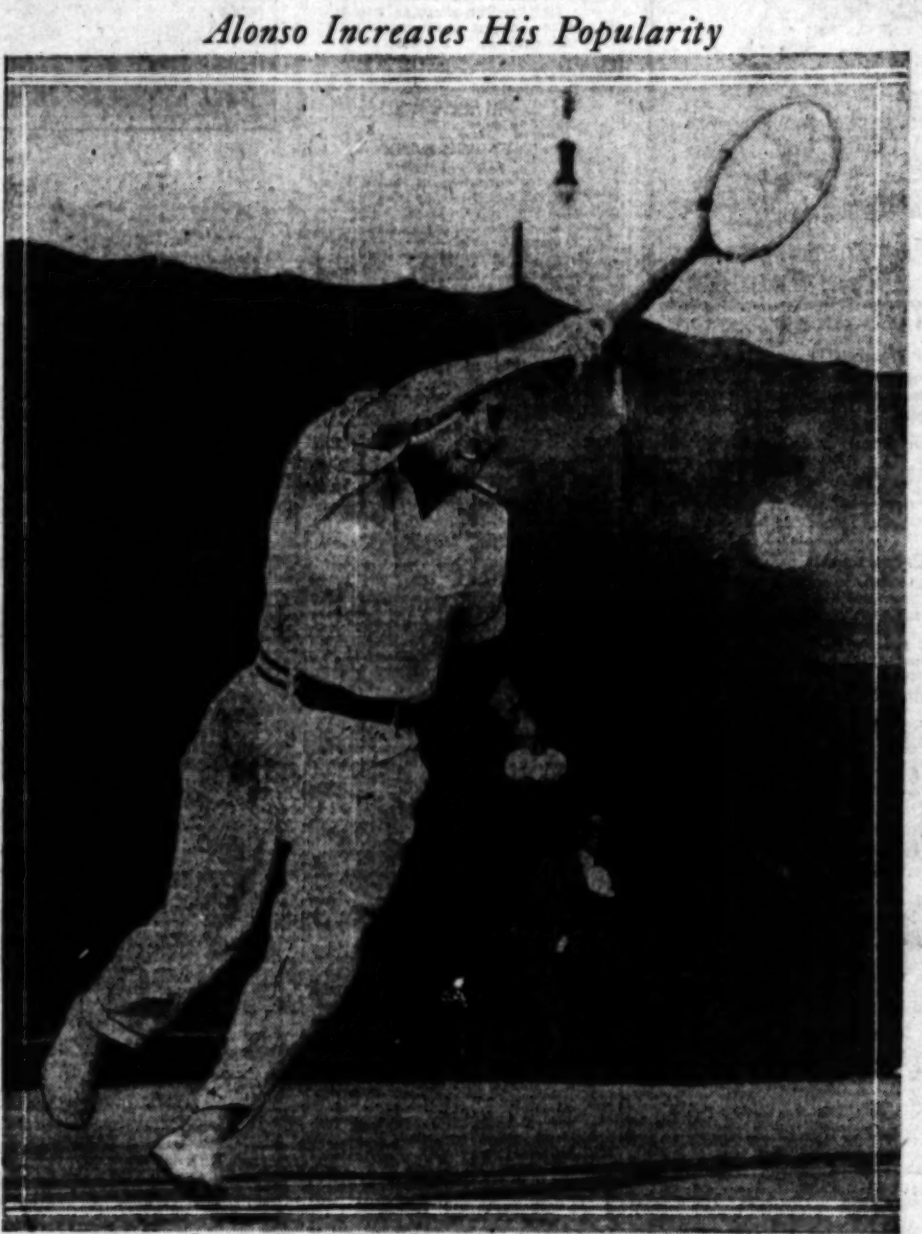

HOCKEY SEASON TO OPEN NOVEMBER 12

(BY A. P. NIGHT WIRE)  
VANCOUVER (B. C.) Oct. 22.—The Pacific Coast hockey season will officially open here November 12, when the Seattle and Vancouver hockey teams play the first match of the 1923-24 schedule, according to an announcement issued after the thirteenth annual meeting of the Pacific Coast Hockey Association in the city today. Frank A. Patrick of Victoria, was re-elected president of the association; J. P. Douglas of Seattle, vice-president; Morris Moland of Vancouver, B. C. secretary-treasurer, and C. F. Muldoon, Seattle, and Lester Patrick of Victoria, directors.

Each of the remaining four events are top-notchers. They are: Tommy Corbett and Eddie Mahoney; Joe Rocco and Tod Adams; Pat Demara and Kila Sullivan; and Eddie Baker and Billy Harding. Ralph Cope of Tulare will referee.

Spanish Tennis Star Gives Angelenos a Few Thrills  
Here is shown Manuel Alonso snapping in action yesterday at the Los Angeles Tennis Club in his match with Vincent Richards, third ranking player. The champion of Europe succeeded in beating the American youngster in straight sets, 6-1, 8-6.

## TALK AND THOUGHT AT TENNIS MATCHES; THINGS HEARD AND IMAGINED BY ONE IN STANDS

"Why don't they come? Here it is after half. They should pass a rule that would make the club give out cushions to everybody in the stands if the players are late."

"That's Howard Kinsey with the eye shade. Wasn't it splendid—he beat Richards yesterday?"  
"Oh, there's Harvey Snolgrass. It's hard for him to get off from today. He wiped up on the East this summer. Yes, he's improved a good deal since the trip. It gave him confidence, I guess; that's important in tennis."

"I like his eyes; they're so keen and pleasant looking."  
"This man Snolgrass looks like a squawking infant in a flat across the street and some sour music emanating from a jukebox band—but the crowd seemed to like the tennis best and stuck to the finish."

"They are taking the service, aren't they? Oh, there's the break. 5-3. It will be his shot now!"  
"Everything's working for Snolgrass today."

"Isn't it thrilling to watch the break in a match?" "It was right on the line."  
"He's in good condition—"  
"Yes, they say he watches every little thing—the food and that you know. Takes good care of himself." "How old is he? About 30?" "He doesn't look it, does he?"  
"Kinsey gets some pretty drives there but he looks a little tired, doesn't you think?" "Harvey's got the edge. The games are close, but he pulls them."

"Mighty nice driving—"  
"Let me match to Mr. Snolgrass. 6-3, 6-0. 'What's the wait about?' "I guess Alonso is changing clothes."

"I wonder who that was with him." "Some movie actress, I suppose." "Oh yes, undoubtedly." "I imagined thoughts of Vinny Richards, the veteran youngster of the tennis world—as he warmed up."

"Looks like they could let a fellow off of one day's batting around after ten sets of tennis play yesterday. Who ever invented this game of tennis anyway? Must have been one h—l of a bird." During the first set—Now Manuel's a good guy and he'll want to go strong for his audience and it's nothing to me."

During second set.  
"This game isn't so bad after all and besides I'd better step out a little or Manuel will show me up today. While the game is good, it's a—saw for me—set point—If I'd just pulled that drive in about two inches I'd have taken the match; now it's 8 all and he'll take it. He's going nice today." Did I hear somebody say that Tilden's shot all over? It may be but I don't turn up my nose like he does and I'm not king of the court, only third lieutenant."

In the stands during the doubles: "Beautiful rallies!" "Richards looks kind of stove up and stale but he's a court general at that." "There's Tom Bundy in the big brown overcoat at the east side line." Alonso knows how to fall all right. "Those Kinsey invariably play a cross-court shot close like that." "Richards has an overhead." "Well, that ends it. They play a steady game." "The local man was the best on the courts today at that."

And the "ones in the stands" thought so, too.

BY BRAVEN DYER  
Results of Saturday's Southern California Conference games apparently narrow the 1923 pennant race down to two teams, Occidental and Caltech. The Engineers have a defeat on their ledger, but hope to make things even later in the season by trimming the Tigers.

Earlier in the year Pomona and Whittier were rather figured in on the championship chances, but the showing of the Engineers against the Caltech bunch rather sets Coach Eugene Nixon's team out of it, and the Tiger victory over the Pasadena team was a mere fluke.

Picking the best team in the conference it would seem that Joe Pipal's Tigers are a better-balanced eleven than Caltech. The boys have two weeks to come back after their rather disastrous trimming at the hands of the Stanford steam roller, as there is no "Oxy" game carded until November 3, when the Eagle Rock crew goes to Whittier. ## CARDINALS A TOUGH OUTFIT

Stanford Looks Like a Bad Team to Beat

Defensive Game Seems to be Almost Perfect

They Have to Shake a Leg to Beat U.S.C.

BY BILL HENRY  
When Stanford and U.S.C. tangle on the greenward of Palo Alto this coming Saturday afternoon then—and not till then—will we know just how good Stanford is. The donation party staged in the first five minutes of play last Saturday by Occidental gave the Cardinals a lead that they didn't have to show anything beyond an ability to plow ahead on good old-fashioned straight football and their real ability remains as much a mystery as ever.

This much is certain, Stanford is good. The big red team has weight, speed, fight, condition and a sound knowledge of fundamentals. Just what else they have time alone can tell. The chief fault noted in their play was an inability to work a forward pass, their few attempts against the Tigers falling miserably.

MOUNTAINOUS RANGE

If ever two teams looked alike they are the 1923 Stanford eleven and the 1922 Stanford outfit. Where Pitt had the titanic Mr. Hewitt at fullback, Stanford has the bulky Mr. Nevers and Nevers looks just about as good as Mr. Hewitt. The line is the same big mountain range and the ends likewise resemble a couple of tackle rather than ends. Just as the ball went to Hewitt on 98 per cent of Pitt's plays, whether he eventually carried it or not, so the ball goes to Nevers on nearly every play. Nevers, however, is a better

Fifty-two Thousand Acres in Three States

Mostly Suitable for Cattle and Sheep Raising

(EXCLUSIVE DISPATCH)  
WASHINGTON, Oct. 22.—Opening approximately 52,000 acres of public land in the States of California, Nevada and Utah to ex-service men of the World War was announced at the Interior Department today.

**NAVY OIL LEASE INQUIRY BEGINS**

Senate Committee Takes Up Teapot Dome Deal

Geologists Say Field is Estimated Too High

Declare Development Was Needed to Avoid Loss

(BY A. P. NIGHT WIRE)  
WASHINGTON, Oct. 22.—The Senate public lands committee, beginning an investigation today of the government's lease last year of the Teapot Dome (Wyo.) naval oil reserve to the Sinclair interests, made public the reports of two expert geologists which declared the field's potential production has been greatly over-estimated.

NEVADA: 14,000 acres in Washoe county near the town of Gerlach, reported as mountainous and rolling with scattering timber and good growth of bunch and wild rye grasses affording excellent range for cattle and sheep with an ample supply of water for stock from small creeks and springs. The soil is a heavy clay mixed with lava rock. Exact dates of filing on lands will be announced by the United States land office at Carson City.

UTAH: 20,000 acres in Wayne county near the town of Hanksville, described as rolling-bunch land covered with a scattering growth of shrub grass and a good growth of bunch grass which afford excellent grazing for stock. Water is furnished by the Dirty Devil River. The soil in the greater part of the township has a deep sandy loam while on the more broken parts it is shallow, lying in sandstone bed rock. The exact dates of filing on lands will be announced by the United States land office at Salt Lake City.

**FIRST SAND BARREN**

The first sand from which 30,000,000 barrels had been expected was said by the experts to be entirely barren. In other respects also their reports minimized the value of the field, whose lease, Harry P. Sinclair testified before the La Follette investigating committee last winter, was worth more than \$100,000,000.

General support was given by the two experts to the chief reason advanced by administration officials for granting the Sinclair lease—the danger of drainage from adjacent wells in the Salt Creek field.

**TUBERCULOSIS BUREAU WORKERS WANT PAY**

**PETITION FOR WRIT FILED AGAINST STATE BOARD OF CONTROL**

(BY A. P. NIGHT WIRE)  
SACRAMENTO, Oct. 22.—A petition for a writ of mandamus to compel the State Board of Control to approve the salary roll of the tuberculosis bureau of the State Board of Health has been filed in the State Supreme Court by Linda Mische, a field worker of the bureau, it was announced today.

**RETURN FROM EUROPE**

DOUGLAS (APRIL) Oct. 22.—About a score of Douglas people are returning after months of sightseeing in Europe. James S. Douglas, who is understood to have been in France in connection with the financing of his Tucson, Phoenix and Tidewater Railway, is in New York. He is expected home within ten days.

**HOLDS LEASING NECESSARY**

"Some sort of leasing was necessary," said the report of Mr. Clapp, who added that even now drainage from outside wells was depleting the yield in Teapot Dome. Mr. Lewis, supporting the necessity for development to forestall drainage, said it was not necessary when the Sinclair lease was made in April, 1922, but declared positively that the original policy of holding the field undeveloped as an underground naval reserve was not feasible.

In addition to the geologists' reports, most of today's committee session was devoted to the reading of reports to Congress by the late President Harding, who gave his approval to the lease, and by former Secretary Fall.

Recommendations of former Secretary Daniels of the Navy Department relative to naval oil reserve policy also were read into the record in detail by Senator Walsh, Democrat, Montana, a member of the committee. These included recommendations for an underground oil reserve for the Navy, establishment of a naval petroleum fund and operation of naval oil wells and refineries.

(BY A. P. NIGHT WIRE)  
RENO (NEV.), Oct. 22.—Sherwood Anderson, author of "Many Marriages," "Triumph of an Egg" and other novels, has filed suit for divorce from Tennessee Mitchell Anderson in the District Court here. Desertion is charged in the complaint, which is described by local attorneys as one of the shortest on record in the District Court. Mrs. Anderson is said to be living in Chicago. They were married in New York in 1915.

**BOOTLEG SUSPECT IS NABBED AFTER FIGHT**

(BY A. P. NIGHT WIRE)  
REDONDO BEACH, Oct. 22.—A bootlegger suspect ran off with a prohibition agent yesterday. Jack Dillon, in fall here as a dry-law violator, stepped on the gas when J. W. Kelly, enforcement agent, stepped on the running board of Dillon's suspected liquor transport. Kelly climbed into the rear seat, jerked Dillon from behind the wheel and a struggle followed which landed the auto in the middle of a rough field. Dillon is in jail and three gallons of wine, found in the car, are in the city's collection of illicit liquors. Kelly has been a policeman in the Long Beach department.

## AMERICA URGED TO AID GERMANY

Italian Financiers Suggest Bonding of Industries

Proposed Allied Indorsement for Indemnity Deal

Plan Presented to Prevent French Domination

BY V. DE SANTO  
(BY CABLE-EXCLUSIVE DISPATCH)  
ROME, Oct. 22.—Political circles in Italy are showing great concern over the German situation, which is growing worse hourly. According to information I am able to gather, there seems to be a group of industrial and business men about to suggest the following solution:

An international company, headed by United States financial and industrial men to be formed by the German railroads, including the lines and rolling stocks, to lease mines and obtain under one form or another control of the other major German industrial plants.

The company, which is to be entirely on a business basis, not mixed up with politics, is to issue bonds at 4 per cent, the same to be indorsed by the United States, British, French and Italian governments to the amount required to pay for the acquisition of the railroads' leases and controlling interests mentioned above.

The money derived from this transaction, it is said, would equal more than 50 per cent of the indemnity Germany must pay the Allies. The rest could be paid slowly out of the portion of the profits of the company over a period of years.

**DECLARED ONLY WAY**  
This is considered the only possible solution by some influential business men in Italy. They are convinced that if the United States is willing to espouse the idea, Europe will be saved from chaos and avoid further suffering and possible bloody conflicts in the near future.

It further is said here that the idea of an international business organization will save Germany from the extreme humiliation of having France obtain control of its industry, which seems inevitable at the present state of affairs. It also will avoid complications of serious character economically—allowing France to obtain definite control of the Ruhr, thus becoming absolute master of the Continent, as far as the coal and steel production are concerned.

**Spain Turning Down London Tangier Plan**

BY RAYMOND FENDRICK  
(BY CABLE-EXCLUSIVE DISPATCH)  
MADRID, Oct. 22.—The Spanish government has decided to reject the Tangier project drawn up in London.

The censor yesterday permitted all Madrid newspapers bitterly to criticize the project, particularly the plan that Spain transfer to the French Sultan the police authority of Tangier. The censor is the government's mouthpiece.

The censor permitted El Sol to say that the Paris conference was not adjourned because of the sickness of the Spanish delegate, but because of Italy's pretension to participate with the same rights as the other three powers.

The same important newspaper added, with the censor's approval, that the errors in the London project must be corrected. This means another preliminary conference before the final settlement.

**PHOENIX JAIL DOORS YAWN**  
(EXCLUSIVE DISPATCH)  
PHOENIX, Oct. 22.—The city magistrate and police force are starting on a policy of hospitality for State fair visitors of a certain sort. The only limitation may be the capacity of the City Jail. A number of new arrivals have been greeted by the Chief of Police and have been given quarters until after the fair closes in mid-November.

**STINNES MEETS CHANCELLOR**  
(EXCLUSIVE DISPATCH)  
BERLIN, Oct. 22.—Hugo Stinnes and other industrial leaders yesterday visited Chancellor Stresemann and offered to begin delivery of reparations coal to France immediately if the government would credit the sums on the reparations account and remit the taxes of the industrialists to the total of their deliveries. The proposal was accepted in principle.

**REVIEW APPEAL DENIED**  
(BY A. F. NIGHT WRITER)  
WASHINGTON, Oct. 22.—The Supreme Court declined to review the case of the rum schooner Henry L. Marshall, seized ten miles off Atlantic City, involving the question of the jurisdiction of the United States over foreign vessels outside the three-mile limit, but within the twelve-mile limit.

**SERVICES FOR ARMY**  
(EXCLUSIVE DISPATCH)  
WASHINGTON, Oct. 22.—The chief of chaplains of the Army has issued a call to the 1100 clergymen who constitute the Army Corps of chaplains to prepare an appropriate program for the observance of Armistice Day. It is stated that wherever there is a unit of the Army, no matter how small, such a program ought to be arranged.

**WOMAN KILLS BEAR**  
(EXCLUSIVE DISPATCH)  
WOODRUFF (Wyo.), Oct. 22.—A 260 pound black bear was shot and killed by Miss Anna Caswell, daughter of a New York physician, near Star Lake. Miss Caswell has the distinction of being the first woman to kill a bear in this section.

**PARK HEADQUARTERS MOVED**

## POLITICS STIRS MEXICAN ARMY

Resignation of Generals is Believed Imminent

Party of Retired Officers May Spring Surprise

New Candidacy Would Add to Trouble Prospect

BY JACK STARR-HUNT  
(EXCLUSIVE DISPATCH)  
MEXICO CITY, Oct. 22.—President Obregon came into power as Mexico's President at the head of military forces, and had to fight his way to the Presidential chair. That is probably why he was wise enough, immediately any political activity showed itself in Mexico City regarding his successor, to put his foot down firmly and prohibit any military man on the active list from interfering in the slightest degree in politics.

The result has been startling to say the least, for the Mexico City El Democrata claims news from War Office circles that the resignations of between fifteen and twenty generals in the Mexican army may be expected at any moment.

**MORE SIGNIFICANT**  
Outside of Mexico, this announcement might be passed over without any particular comment, but in the republic it has a very real significance, and it is a striking evidence of the political interest in a service which ought to have nothing of the kind. If those would-be politicians, who at present have nothing to occupy them as regards their military capabilities, will only fight their opponents politically, all will be well, but unfortunately Mexico has proved too often that her military men have only one method of dealing with those whose opinions differ from theirs, and that is a resort to military force. Herein lies the danger.

**SANCHEZ WITH CALLES**  
At present the names of the officers likely to resign is not available, but one prominent general, Guadalupe Sanchez, has already publicly thrown his weight into the scale in favor of the candidature of Gen. Plutarco Elias Calles. The remainder are not likely to lose much time, now that a lead has been given them.

The foregoing has further significance still, for it comes hard after the formation of a new political party in Mexico, comprised of retired army officers, and it is not beyond the range of possibility that this new party may spring a surprise upon Mexico's political aspirants by naming a Presidential candidate of their own. In such case some trouble may well be the result.

## HARVEY MAY PLAY THIEF ON PORTRAIT

Ambassador Plans to Bring John Quincy Adams Back to State Department

(BY CABLE-EXCLUSIVE DISPATCH)  
(Copyright, 1923, Public Ledger)  
LONDON, Oct. 22.—If Ambassador Harvey adheres to his present plans when he sails for home early in November, he could be arrested for larceny when he arrives in New York. It is all about a portrait of John Quincy Adams, paid for out of the pockets of United States citizens, which mysteriously turned up in the embassy here more than a generation ago.

According to information here, Daniel Webster said there was no portrait of Adams among those of Secretaries of State in the State Department. Through his influence a portrait was completed by an unknown artist, paid for from an appropriation of \$1500, but never delivered to the State Department. In some unexplained manner it showed up in London, where it has graced the walls of the embassy for years.

It has been pointed out there, as the portrait of every Ambassador and Minister hangs there, and John Quincy Adams was Minister to England before he became Secretary of State.

But Col. Harvey figures it should be in the State Department. He had been rather doubtful whether he should take it with him, but finally decided to do so, trusting to the leniency of the army of the law and incidentally starting heaps of interdepartmental correspondence.

## STATE BLAMED FOR WOOD LOSS

Michigan Forest Damage Set  
at \$5,000,000

Moonshiners Driven to City  
Start Up Anew

Admission Made That Score  
May Have Died

(EXCLUSIVE DISPATCH)  
ONTONAGON (Mich.) Oct. 22.—Like the sinister smirk of a death sign, an accusing finger pointing toward the State House in Lansing has burned its imprint on the heart of the virgin lands here and while driving rains and snow have checked the flaming brands of the forest fires, the charred specter of what three weeks ago was the wealthiest lumber region in the Upper Peninsula stands as a bleak reminder of State neglect.  
The loss is estimated at \$5,000,000.  
Moonshiners and lumberjacks driven out of the woods into this city by the fires clashed in a pitched battle late Saturday night that resulted in one man being severely injured and several others.

waste the country in the White Pine District have also laid bare the extent to which the making of illicit whiskey has flourished in this region. Like the wild animals that make their dens in the depths of the forests, the moonshiners fled before the onrushing flames, carrying with them the paraphernalia of their trade.

With the fires extinguished but the old haunts destroyed, the moonshiners prepared to set up their stills in the vicinity of Ontonagon and resume operations. Moonshiners frequently take long chances of being beaten up when they meet their lumberjack patrons but the risk of frequent manhandling by lumberjacks does not drive out the distillers of "white mule."

Before the fires which swept the district laid bare the coverts in which the moonshiners skulked it was almost impossible for Federal agents to track the distillers. So well hidden were they that no estimate of their number or the extent of their operations could be made. The evidence of their presence in the north woods was the sight of liquor-crased woodsmen, who made their way into town or were sometimes discovered sleeping off the effects of a spree along a logging road or trail.

A walk through the burned district reveals the extent the Federal law was being violated in the Upper Peninsula. In a radius of three square miles near Ontonagon a newspaper man found the ruins of six stills which had been abandoned during the forest fire. Reports from other sections declared conditions were as bad and in some instances worse.  
Woodsmen frankly admitted to-

## SAVES A LIFE; GIVEN TUITION

Tennessee Student's Expense  
Largely Paid by Rewards for Heroism

(EXCLUSIVE DISPATCH)  
LEBANON (Tenn.) Oct. 22.—A college education, instead of a gold medal or a cash reward is what a student at Cumberland University is receiving because he saved a life last summer.

The student is Leroy Graham of Avoca, Tenn., and the man he saved from drowning is W. J. Baird, cashier of a Lebanon bank. Mr. Graham is one of the fifty "self-help" students at the university. Most of his expenses, however, are being paid by grateful residents of Lebanon as a reward for his heroism.

## Kaiser Summons Crown Prince to Consider Events

(BY CABLE—EXCLUSIVE DISPATCH)

THE HAGUE, Oct. 22.—The German Crown Prince arrived at Deurn by automobile at breakfast speed from Weiringen last evening, having been summoned by the former Kaiser to discuss the situation since the developments threatening the disintegration of Germany.

It is rumored in Deurn that the former Kaiser believes that only a Hohenzollern appearing in Berlin and seizing power can save the Fatherland.

The Dutch authorities are taking precautions, redoubling their surveillance. They will not prevent the former Kaiser and Crown Prince from crossing the frontier, but they warn them they cannot return.

PARK CHIEFS IN SESSION

(EXCLUSIVE DISPATCH)

YELLOWSTONE PARK (Wyo.) Oct. 22.—A conference of national park superintendents began this morning in Yellowstone National Park under authorization and direction of Dr. Hubert Work, Secretary of the Interior. Problems in the care of the nineteen parks will be discussed and plans for the future considered. Besides superintendents other high officials of the National Park service are attending.

### What Makes a Mortgage Safe?

CAREFUL choice of security, conservative appraisal, expert attention to details of title, legality, insurance, etc.—these are the essential features that make a first real estate mortgage the soundest form of investment.

Every mortgage made by this Company is upon residential or income-bearing property improved, or to be improved by the proceeds of the loan. Appraisals are made by an experienced bank appraiser upon the basis of lot values plus replacement cost of improvements. In no case is the first mortgage drawn for over 40% of the appraisal. Every detail of title and legality has the careful supervision of trained mortgage experts.

These individual first mortgages range in amounts from \$1400 to \$25,000 and yield 7% to 8% per annum, exempt from California Personal Property Tax.

They offer you a safe, care-free investment with an unusually generous interest return. Let us tell you more about them. Call in person or write.

### Buying in Quantity Selling for Cash

STANDARDIZED buying in large quantities and a strictly cash business in staple merchandise have made chain-store systems one of the most successful of modern business enterprises. How remarkable this success has been is indicated by the high standing of chain-store securities. Despite the general market weakness during the past months the price of common stocks of ten standard Eastern companies averaged 161 on August 31, 1923.

THE SUN DRUG CO. 7% Cumulative Preferred Stock offers you an opportunity to share in a highly preferred way in chain-store profits. May we send you full details? No obligation.

### WALL STREET NOT DOWNCAST

Outlook Gives Glooms Little Chance for Gloomings

Corn Crop, Foreign Business, Freight Traffic Factors

Large Volume of Financing Seems to be at Hand

NEW YORK, Oct. 22.—Wall Street refuses to become downhearted at the action of the stock market with a three-billion bushel corn crop in sight, potential business of great amount from abroad, continued record freight traffic, signs of betterment in the steel industry and a belief that the oil situation is shortly to right itself even though heroic methods are necessary. The wheat farmer still is talking chiefly through his political spokesman but the country at large is not to be easily stampeded into an attempted bit of class legislation.

Several conferences lately were attended by representative bankers and business men at which world conditions were discussed and out of which there came a feeling of improved sentiment toward the future outlook. That the period of correction is to be slow and tedious is not doubted but the ultimate triumph for those in a constructive frame of mind is regarded as highly probable. That buying of securities at which many bankers consider bargain prices is in process is a well-founded belief and it also is recalled that stocks are not purchased for perpetual retention by corporations and men of means and, consequently, a turn for the better in the stockmarket affairs is predicted in high places in Wall Street.

"That an era of consolidation is at hand seems to be a growing feeling in banking circles, where railroads are considered leaders in this possibility but in which copper mines are to largely figure before the end of the year. The Vanderbilt efforts are thought to be about ready for consummation, while the Van Sweringen system, so rapidly constructed, is considered as offering possibilities for further expansion. These at the moment are uppermost in the minds of bankers. So far as concerns the copper industry at least one merger now is being worked out with even a greater consolidation among the possibilities where in a copper combine similar in scope to the Steel Corporation and under identical banking auspices may be attempted.

**TEXTILES SLOW DOWN**

There is no denying the slowing down in textiles, both cotton and woolen mills curtailing their efforts, and in regard to the former it is thought possible that further switching of big operations from northern and eastern fields to the South may develop.

The petroleum industry still is being carefully studied by its own members, who are seeking a way out of present difficulties and a remedy which might prove of value in the event of any repetition of a situation such as that prevailing in the past few months.

A large amount of new financing seems to be at hand and bankers are anticipating considerable stock and bond issues by oil companies with restricted or insufficient working capital. Mounting inventories must be cared for and this method is likely to be followed, in the opinion of close financial observers.

Railroads, too, are regarded as potential borrowers, as are public utilities, including the telephone companies. Terminal properties are being enlarged and rebuilt, double tracking in large amount is planned throughout the country, equipment still must be bought, while the growth in general business naturally forces the communications concerns to expand their facilities while bringing the telephone concerns into the market for funds.

Wall Street is commencing to pay more attention to what the forthcoming session of Congress may bring forth, although it seems to have been relieved in one direction—that bearing on railroad legislation—for it now appears certain that the Transportation Act may be left at present.

### BOND QUOTATIONS

Foreign Bonds Drop (By A. F. MORTIMER)

NEW YORK, Oct. 22.—Rather free offerings of European bonds during the forenoon and steady sale of Mexican issues throughout the session gave today's bond market an unsettled appearance. Net changes, however, closing prices showed, were comparatively small, with high-grade railroad mortgages and a majority of the domestic industrial issues pointing upward. Active, United States government also recovered moderate improvement.

Both the Mexican 4s and 5s were heavy on news dispatches of possible interruption of the Mexican debt agreement as a political difference in Mexico.

The demand for high-grade investment railroad mortgages, while slightly less than some days last week, continued in fair volume. Secondary issues were shaded a trifle. The 4s and 5s of the Mexican debt agreement, a political difference in Mexico, was a factor.

The \$15,000,000 Federal Reserve note offering of the International Match Corporation was readily sold and the \$10,000,000 Federal Reserve note offering of the International Match Corporation was readily sold and the \$10,000,000 Federal Reserve note offering of the International Match Corporation was readily sold.

Wheat at Close (By A. F. MORTIMER)

NEW YORK, Oct. 22.—Wheat futures were active and showed a slight advance in price. The market was influenced by the report that the Russian government had agreed to sell wheat to the United States for the relief of the famine-stricken areas. The price of wheat futures rose slightly, with the nearest delivery at 90 1/2 cents per bushel.

### The Pickwick Corporation

#### Los Angeles Terminal Building

First (Closed) Mortgage Serial 7% Gold Bonds

Dated October 1, 1923. Denomination \$1,000. Due Serially October 1, 1924-1935 Incl.

Callable upon thirty days notice on any interest date, at 105 and accrued interest. Principal and semi-annual interest payable at the office of the Trustee. Normal Federal Income Tax up to 2% paid by the Company.

### Exempt from Personal Property Tax in California

Hellman Commercial Trust & Savings Bank, Los Angeles, Trustee

THE PICKWICK CORPORATION (through its subsidiary companies) owns and operates 22 stage routes in California, together with auto stage terminals, and is engaged in the manufacture of motor stages and other affiliated business enterprises.

These bonds, in the opinion of counsel, are a direct obligation of THE PICKWICK CORPORATION, and will be specifically secured by a first (closed) mortgage on the Los Angeles Terminal Building as described below.

### BUILDING AND PROPERTY

The entire proceeds of this issue will be applied toward the actual cost of constructing a Class "A" reinforced concrete building, containing a full basement and two floors above the street.

This building will be erected on a site situated on the northeast corner of Los Angeles and 8th Streets, Los Angeles, having a frontage of 120 feet on Los Angeles Street, with a depth of 100 feet on 8th Street.

This property is leased for a period of 98 years and 9 months from October 1, 1923, for the fixed sum of \$24,000 per annum ground rent for the entire period.

The total cost of the building when completed will be more than \$285,000—substantially in excess of the amount of this bond issue without giving any value to the leasehold estate created, which in view of its near-in location is very valuable.

### TENANTS

The basement and a portion of the ground floor will be used by a terminal for the PICKWICK STAGES, Inc., SOUTHERN DIVISION, and the PICKWICK STAGES, NORTHERN DIVISION, Inc., both of which are transportation utilities operating successfully under the supervision of the Railroad Commission of California. In addition, space on the ground floor will be equipped for stores.

### INCOME

Applications for leases for the entire building from responsible tenants have been received, insuring an income after paying all charges for ground rent, taxes, insurance and operating expenses, of more than 8 times the maximum interest charges on these bonds and more than 3.4 times maximum principal and interest requirements combined.

Net Earnings of THE PICKWICK CORPORATION, through the operation of stages by its subsidiaries for the year 1923 (based on operations for the first 9 months of this period) will be in excess of 25 times the maximum interest requirements on this issue.

## DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

NEW YORK, Oct. 22.—California oranges met with a good demand at today's auction, and prices were 25 to 50 cents per box higher on the average, the advance in some instances being more than 50 cents. Sales totaled twenty-four cars at a range of \$2.05 and \$3.20 per box.

Lemons eased off under heavy offerings, seven cars being sold during the day at \$4.31 and \$6.05 for 30s and \$1.25 and \$4.70 for 30s. Florida grapefruit remained about steady. Trading in the market for muskmelon was routine. Cranberries met with a good inquiry on fancy. Peaches were unchanged. Apples met with a good demand on fancy.

### CANNED FOODS

New pack canned corn is showing a steady to strong tone. With a shortage of fancy indicated, buyers are turning to standard quality. Southern packers generally quote full standard at 95 cents, extra standard 95 cents, standard 90 cents, with a little standard to be had at 2 1/2 to 3 cents under the price of routine. Demand for canned tomatoes has held up well. Prices remain firm. Demand for canned fruits was of routine proportions today but the market ruled strong throughout the day. Distributors are not carrying heavy stocks and members of the trade look for a stronger market later on in the season when wholesalers and other buyers come into the market for additional supplies to round out their assortments and find first-hand holdings well held.

### DRIED FRUIT

According to trade reports here, new crop California dried apricots are showing a strong tone in California, and offerings for prompt shipment are comparatively scarce. Choice Blenheim are available at 9 1/2 cents, 1-4 cent under the association price. The bulk of the most of the other grades is held steady at the association basis. The spot market is strong on all grades. Trading in new crop California prunes for Coast shipment continues routine. Independents quote Santa Clara and Bonanza as follows: 10 per cent, 20-40s at 9 1/2 cents; 25 per cent, 40-50s, 7 1/2 cents; 40 per cent, 60s at 6 1/2 cents; 10 per cent, 60-70s, at 5 1/2 cents, and 10 per cent 70-80s, 4 1/2 cents. All bulk basis October or October-November shipment.

Spot trade is largely confined to holiday lines of dried fruits and nuts. Cluster raisins are moving into distributing channels freely and the demand for figs is holding up well. New crop dates, the first cargo of which will arrive in the market this week, have sold well.

### SUGAR

Although there were no sales of raw sugar to refiners, no real change in the position of the market came under review. Offers of Cubas were being made at 5 7/8 cents cost and freight. Porto Rican raw at 7 1/2 cents c.i.f., and full duties at prices ranging from 5 1/4 to 5 3/8 cents, most of the latter being for November arrival. Sugar futures had an initial decline of 1 to 2 points; selling of spring months produced an easy tone, but there was fair support for the December position. In the early afternoon, December had scored net gains of 1 point, but most of the day was later lost. With the formidable sugar competition now being encountered, there is a hesitant feeling in sugar futures. Sales were about 6250 tons.

Refined sugars were quiet, with some business going to 400 lbs. 9.10 cents, while Arbuckle had a fairly good assortment on offer at 9.25 cents.

### COFFEE

Coffee was more active under general demand from New York and European interests. Cables were higher as a rule and initial gains of 1 to 2 points were scored. Later December showed an appreciation of about 4 points, while March sold off some 7 points to 8.53. This irregularity was not difficult to fathom since Rio had come in 525 reis lower to 400 reis lower with a gain of 3-44 pence in the exchange rate on London, while Santos was 350 reis higher to 200 reis lower.

Firm offers were decidedly irregular. Best levels were reached early in the afternoon. At the end of the day some 3205 bags had been turned over, including December to May switches at 56 points difference. The market left unchanged to 3 points net higher.

### TEAS

A feature in teas was the activity in the Japan kinds with sales of some 1800 packages. Talk was going the rounds that an invoice of some 1500 packages of congoes had been put through. These were reported as medium grade. There has been more or less irregularity in the London market for India and Ceylon descriptions, although the tone of the market is, on the whole, steady.

### EGGS

The shortage of strictly fine fresh eggs is more acute than was reported at the close of last week. Buyers were out in full force at the opening and were willing to pay in advance of 1 cent a dozen over last week's closing figure. December options were active on the exchange, twelve cars selling at

## REVIEW OF FINANCIAL CONDITIONS

Moody Sees a Premature Price Weakening; Bonus Menace Threatens

Moody's Weekly Review of Financial Conditions in its current issue says in part:

"A premature weakening of commodity prices has been the chief recent development. General trade is more dependent than usual upon the question of prices; and in the typical year there is a steady advance from midsummer to January based upon the large purchases of power engendered by the autumn trade. Thus our stock and bond markets seem to be a true barometer of the business situation."

"One industry which however is booming is the production and sale of electricity. Every month this year has shown a large gain over last year. The producers are not much affected by labor costs, because they do not employ much labor, while coal is cheaper than it was a year ago; and therefore profits are satisfactory."

"Bonus legislation is again coming to the front as an investment factor; and tentatively the costs are estimated around \$100,000,000 for the first four years, or \$1,137,000,000 for the first twenty years. The immediate Federal expense is unlikely to prove large enough to seriously hurt the bond market; but the ultimate outlay promises to be as great as to indefinitely postpone any reduction of the Federal taxes paid by investors."

"The so-called credit crisis is causing uneasiness to those who fear that it will bring on credit inflation. Experience shows, however, that credit expansion when based on opportunities, or possibilities of profit, are large, and contract when they are small, whether our stock of gold increases or not. Thus gold supplies do not dominate the volume of credits, and the gold glut is harmless so long as our Federal reserve system is permitted to follow conservative banking practices."

## ANNOUNCING A 5% QUARTERLY DIVIDEND

On October 15th, a 5% quarterly dividend was authorized and paid to all holders of PETITFILS-CONFISERIE Common Stock of record August 31, 1923.

THIS achievement assumes importance in view of the fact that this dividend was earned by PETITFILS-CONFISERIE during its first three months of operation.

The unusual success of the three present stores establishes the remarkable earning power of the confectionery business under the experienced management of W. M. Petitfils.

To provide additional capital for expansion and development of new stores a limited portion of the Common Stock is now offered for subscription at \$100 per share. You will do well to investigate it now—today.

Call in person or use coupon.

### SAFETY OF LIFE BASIS OF PLEA

Property Owners Protest to  
Supervisor Board

Florence-Avenue Crossing is  
Dangerous Point

Police Guard or Lowering of  
Tracks Asked

Lives must not be crushed out to  
save seconds.

Such was the slogan upon which  
representatives of property owners  
along Florence avenue based their  
appeal yesterday to the Board of  
Superiority to station a policeman  
at the intersection of the Pacific  
Electric tracks with Florence avenue;  
to require the railway to lower  
their tracks two and one-half  
feet, in order to lessen the  
danger of automobiles stalling on  
the tracks, and to require all electric  
cars to come to a full stop before  
crossing the avenue.

#### TRAFFIC HEAVY

In eight hours more than 5000  
automobiles cross these tracks by  
actual check, stated one of the  
petitioners. This is an average of  
more than ten a minute.

"Recently five people were  
crushed to death at this crossing  
within ten days," was one of the  
statements made in the petition  
presented to the board, which was  
signed by a large number of property  
owners along the avenue.

The board recognized the seriousness  
of the situation and agreed to  
an arrangement whereby a policeman  
will be stationed at the crossing,  
half of the expense to be borne  
by the railway company, if an  
agreement can be reached.

#### POWER LACKING

The board declared, however,  
that it has no power to pass ordinances  
forcing the cars to stop at  
grade crossings or to compel the  
railway company to lower its  
tracks. The petitioners stated that  
the matter would be taken up with  
the Railway Commission, the only  
body having power in the matter.

It is feared that considerable opposition  
from towns to the south,  
questioning rapid transit lines into  
Los Angeles, will be encountered.

### Wife Sues for Freedom From Film "Heavy"

"Until death do us part," as a  
marital injunction failed of fulfillment  
in the marriage of George A.  
Siegmann, well-known motion-  
picture "heavy," it was revealed  
yesterday when Marguerite Webb  
Siegmann filed suit for divorce  
against the actor charging him  
with cruelty.

Siegmann is one of the pioneer  
actors in motion pictures, having  
played the part of the mystic  
political boss in "The Birth of a Nation"  
and many other roles. One  
of his most recent parts was that  
of Danton in Rex Ingram's "Scar-  
mouche."

### LID PUT ON WOBBLES BY COURT

Nineteen Asserted I.W.W.  
Freed After Injunction is  
Read to Them

Nineteen asserted members of the  
I.W.W. obtained their liberty yesterday  
in Judge Reeve's court, but  
their release had a string  
to it in the form of a Superior  
Court injunction. It was the first  
injunction of its kind issued in  
Southern California restraining as-  
serted members of the organiza-  
tion from participating in radical  
activities. On motion of Dep.  
Dist. Atty. Kline, the charges of  
criminal syndicalism against Andy  
Larson and eighteen other defend-  
ants were dismissed by the court  
and the defendants were released.  
Mr. Kline then read the injunc-  
tion, which was issued in accordance  
with a recent decision on the  
criminal syndicalism law. It an-  
nounces all who were so served from  
taking active part in I.W.W. propa-  
ganda. Copies of the injunction  
will be mailed by the District  
Attorney's office in all I.W.W. halls  
and will be handed to all known  
members of the I.W.W. who are  
in the Los Angeles area.

#### APPEALS COURT'S CALENDAR CLEAR

ALIEN GUARDIANSHIP CASE  
SET FOR NOVEMBER IN  
DIVISION ONE

Division One of the Second Dis-  
trict Court of Appeals disposed of  
its calendar yesterday in a session  
lasting from 10 a. m. to 3 p. m.  
By request of counsel, two cases  
were set for the November ses-  
sion. People vs. H. J. Grable and  
T. Surakal vs. Judge McClellan and  
the Superior Court.

In the latter case, Surakal, a  
Japanese alien, seeks guardianship  
of his 8-year-old native born  
child, and a law forbidding such  
guardianship, passed by the last  
Legislature, became effective be-  
tween the time of his appointment  
and the attempted filing of his  
bond. The question is to be de-  
cided whether the filing of the  
bond was essential to the com-  
pletion of the appointment.

The following applicants were  
admitted to practice at the Cali-  
fornia bar: J. N. Kline, formerly  
of Oregon; Joseph E. Daly, New  
York; Fred W. Ashton, Nebraska;  
Herbert G. Hawley, California;  
Alexander W. Staples, British  
Columbia; John W. Wynn, Alaska;  
Daniel E. Ellis, Mississippi; John  
Tripp, Utah; William E. Rydolph,  
Utah; Arthur Goodwick, Wisconsin;

to give her the raising of a life-

charming penitence.

**SHE SMILES SWEETLY**

"Well, heh! heh! watch it next  
time," the chivalrous traffic guard-  
ian will say, and the lady driver  
will smile sweetly and sail on,  
and eighteen watching male drivers will  
gnash their teeth and swear. You  
know, you've seen it done!

But men drivers are in no im-  
mediate danger of growing wings,  
according to Sergeant Beaumont.  
Chief among male offenders is the  
truck driver who takes the middle  
of the road and expect other  
drivers to take their half on  
both sides. And men are more  
neglectful than women about  
slowing down to allow street-car  
passengers to alight.

### French Author Is in Hollywood Studying Films

Valentin Mandelstamm, famous  
French novelist, playwright and  
stage director, is now in Holly-  
wood for an intensive study of  
American film production.

Mandelstamm was sent to New  
York recently by the French dele-  
gate to the First International  
Congress on Motion-Picture Arts.  
It was his fourth visit to America  
and his second to Los Angeles.

He is the author of twenty-seven  
novels, which have been trans-  
lated from French into English,  
German, Italian, Spanish and Rus-  
sian. His latest story, "Dear New  
York," is said to have created a  
literary furore in Paris. It has  
been running as a serial in several  
American papers.

Mandelstamm is the author of  
"The Cosack," a war story written  
around the part these people  
played in the World War. Many  
of the episodes in this novel are  
said to be founded on his own ex-  
periences in Southern Russia. The  
author is a member of an old and  
aristocratic Russian family, but  
received his education in France.

For many years he was one of  
the most prominent stage direc-  
tors in Paris, having charge of  
many of the plays at the The-  
atre Odeon. He is also famous as a  
big game hunter.

There is no comparison be-  
tween French and American films,"  
says Mandelstamm. "French pro-  
ducers still have much to learn  
from the Americans. I want to  
learn as much as I can before re-  
turning to Paris where I intend to  
produce a number of big historical  
pictures."

#### LAWYER DISBARRED IN FEDERAL COURT

U. S. District Judge James or-  
dered an entry upon the records  
of the Federal Court of a judg-  
ment disbaring Carroll E. King,  
from practice in the court. King  
was disbarred by Superior Judge  
Charles Monroe on July 17, 1923,  
on a charge of converting to his  
own use a check payable to the  
order of his client, Clarence Ben-  
tous, administrator of the estate of  
Mary Billings. King entered no  
defense in the Federal Court, where  
the action was fostered by the  
Los Angeles Bar Association.

### Her Slenderness Laid to Capsule

Mary Garden

### MARY GARDEN HOLDS YOUTH

Popular Singer Visiting Here Laughingly Denies She  
Is Going to Marry Ranchman

Mary Garden, dynamic, slender, as youthful in appearance as  
ever, entertained a group of newspaper folk at her apartment in the  
Biltmore Hotel yesterday in a sprightly discussion of many subjects—  
the deleterious effect of eating onion soup, the ranchman she isn't go-  
ing to marry, Cousin Sam, the efficacy of the famous blue pill in reducing  
avoided, and many other things.

She said she didn't feel exactly  
herself, all on account of the onion  
soup of which she partook in San  
Francisco Sunday night in a funny  
little restaurant, with clientele on  
its tables, near Chinatown, but the  
animation of her speech and man-  
ner did not bear out the story. In  
fact, she was as vivacious as this  
when she is suffering from onion  
soup, what must she be in the ab-  
sence of such delicacy? It was the  
thought that flashed through the  
minds of the scribes.

#### LAUGHS AT REPORTS

She laughed heartily when a  
question was put in regard to the  
ranchman, whose name she said  
over the country have said she is  
going to marry soon.

"I knew it was coming," she  
said. "For the last consecutive  
years the first question the news-  
paper men have asked me on land-  
ing in this country has been: 'Are  
you going to get married?'"

And how much I weigh. This  
year I told them jokingly that  
various fortune tellers had predic-  
ted I was to be married in 1924. In-  
stantly they wanted to know who  
the man was, and when later I  
told them that I loved the wide  
open spaces, they deduced that it  
must be a rancher, and the story  
spread accordingly.

"But there is really no founda-  
tion for it. Palmists and other  
seers have, in fact, told me that I  
could marry next year, but I have  
seen no signs of it yet. It's rather  
thrilling because I ask myself now  
every time I meet a man, 'Is that  
the man?'"

And the prima donna added that  
she was tremendously interested in  
fortune tellers—all brands of them.  
palmists, clairvoyants, card read-  
ers, astrologers and all the rest of  
the prophetic brigade, and sister-  
hood. "And they all agree that  
I am to be married in 1924," she  
concluded.

One of the newspaper men made  
a remark to the effect that Miss  
Garden was more slender this time  
than on her last visit to Los Ange-  
les.

"Yes, with careful dieting  
and proper exercise I have been  
able to keep my weight about  
where I want it," she said, "which  
is 128 pounds."

This naturally led to a ques-  
tion in regard to the blue pill  
which the papers said some time  
ago Miss Garden was using to keep  
her weight down.

**CAN'T BUY IT HERE**

"Oh, I've heard so much about  
that blue pill," she laughed. "And  
the funniest thing is it isn't a pill  
at all, but a capsule, and it isn't  
blue, but gray in color. Yes, it's  
an efficacious remedy, not only as  
a reducer, but especially as a tonic.  
I obtained the formula in Europe,  
and the ingredients cannot be pur-  
chased in this country. After a  
time, however, I hope it may be  
placed on the market, for it will  
be a boon to many persons."

Asked if she thought this blue  
or gray pill would help Irvia R.  
Cobb, the magazine writer, who, by  
his own admission, is made aware  
of the need of a new pair of shoes  
only by having Miss Garden re-  
plied she had never heard of Cobb  
and so couldn't say.

And she has great faith in Cobb,  
and spoke with enthusiasm of the  
work of the little chestnut of  
Nancy.

"He cured me of a throat trou-  
ble of some standing that inter-  
fered materially with my singing,"  
she said. "In fact, I obtained great  
relief by merely reading his book  
before I saw Cobb himself. I saw  
the book in a shop window in At-  
lantic City and purchased a copy.  
I read it with interest and began  
to feel better almost immediately."

### COUNCIL VOTES FOR GAS GRAB

(Continued from First Page)

Crivell, Mallard, Sanborn and  
Wheeler (5) opposed. Councilmen  
Baker, Gregory and Mueset (3)  
The ordinance adopted yesterday  
pays a bill of \$2281 incurred by the  
Public Service Department for the  
services of Railroad Commission  
appraisers who are making an in-  
ventory of the gas company's elec-  
tric properties, authorizes the Pub-  
lic Service Commission to continue  
an expense of \$200 a month for  
the appraisers up to \$25,000,  
which amount includes the \$2281  
bill. The bill to date for the ap-  
praisers is said to be  
about \$4000. The expense will  
continue, under the authority of  
the ordinance adopted yesterday.

#### GREGORY'S STATEMENT

Councilman Gregory made the  
following statement as to his rea-  
sons for voting against the ordi-  
nance:

"The position that I took this  
morning in reference to the ordi-  
nance appropriating \$25,000 for a  
survey of the Los Angeles Gas and  
Electric Corporation in voting  
against the same is that I believe  
that the entire proposition at this  
time is premature and a waste of  
public funds. Those who have a  
knowledge of our present financial  
condition will realize that to place  
a bond issue before the public at  
this time to condemn a steam  
plant for the generating of electric-  
ity and that the excessive cost  
over hydroelectricity makes it  
prohibitive for the taxpayers to  
make any money and will do a  
great injustice to the many thou-  
sands of people who own bonds in  
the public utility corporation, for  
without doubt, it will have a ten-  
dency to depreciate their security  
from a sentimental standpoint if  
not a reality."

"As our city is growing so rapidly  
it is necessary for corporations  
of this character to put out bond  
issues every few months. I have  
bought and sold many of these  
bonds and at the present time, on  
account of this agitation, some of  
these bonds show a loss to the in-  
vestors. If we were ready to take  
over this plant, together with their  
distributing system, I would be  
willing to vote for the survey. I  
have always stood for public own-  
ership of certain utilities where  
they are money-makers, and I  
stand ready now to vote to place  
the public funds of the taxpayers  
of sufficient size to complete our  
present Aqueduct system by generating  
electricity so that it will not be  
necessary to purchase from pri-  
vately owned corporations. A few  
years hence, I believe, as we will  
have caught up so that our per  
capita debt, which is now huge,  
New York City closely, and our  
earning power from other bond-  
gaining utilities owned and con-  
trolled by the city, will be self-  
maintained. Then will be the op-  
portunity to take over the full  
distributing system for Los An-  
geles."

"The people elected me to the  
office of Councilman because they  
had confidence in me to do my  
part to guard as far as possible  
the public funds of the taxpayers,  
and this I am trying to do to the  
very best of my ability."

#### "PREMATURE"—BAKER

Councilman Baker, who voted  
against the ordinance, said:

"My action in casting a negative  
vote against the ordinance passed  
by the Council this morning, ap-  
propriating \$25,000 for a survey of  
the Los Angeles Gas and Electric  
Corporation, is based on the per-  
sonal opinion that the ordinance  
is premature, and having in mind  
the safe-guarding of the public  
funds. I believe the survey should  
be delayed until it has been de-  
monstrated that the people are  
ready to vote a bond issue to ac-  
quire this additional property."

"I am for public ownership and  
am willing to vote for a bond is-  
sue at any time to authorize the  
further development of both our  
water and power systems. Our  
city is growing rapidly and it taxes  
the resources of both the Public  
Service Department and the Los  
Angeles Gas and Electric Corpora-  
tion to serve the ever increasing  
number of consumers. In view  
of this fact the Railroad Commission  
has authorized the Los Angeles  
Gas and Electric Corporation to  
sell bonds to provide the necessary  
money for extensions. This pre-  
mature agitation to condemn their  
steam plant would tend to depre-  
ciate the value of the bonds and  
make it more difficult to market  
them, thereby retarding the  
much-needed extensions. I be-  
lieve that the Public Service Com-  
mission should bend every energy  
toward the up-building and devel-  
opment to the fullest extent of  
their distributing system so that  
it will not be necessary to pur-  
chase from privately-owned cor-  
porations. When this is done and  
the people are convinced that this  
splendid municipal enterprise has  
been brought to a successful cul-  
mination, it will then be the prop-  
er time to consider the bond issue  
for the purchase of the Los An-  
geles Gas and Electric Corpora-  
tion, and it would be entirely prop-  
er to vote at that time such a  
sum as might be needed to make  
the necessary condemnation sur-  
vey."

Councilman Mueset warned the  
Council before the vote was taken  
without the usual required sus-  
pension of the rules. "You are  
issuing a lawsuit."

#### GLENDALE LOSES IN PHONE RATE APPEAL

PERMITS GRANTED FOR TWO  
DISTRIBUTING SYSTEMS  
OF EDISON COMPANY

The Southern California Edison  
Company has been authorized by  
the State Railroad Commission to  
construct and operate electric dis-  
tributing systems in Montebello  
and Monterey Park, Los Angeles  
county.

The Southern California Tele-  
phone Company has been author-  
ized to issue \$30,000,000 of its  
common stock at \$95 per share and  
to use the proceeds to pay for ex-  
tensions and improvements up to  
August 1, last.

The commission has dismissed  
the complaint of the city of Glen-  
dale against the Pacific Telephone  
and Telegraph Company, in which  
the municipality sought an order  
abolishing toll charges for service  
between Glendale and Los Angeles.  
The commission found that the  
charges are justified and reason-  
able.

Permission has been asked by the  
city of Venice to cross the tracks  
of the Pacific Electric Railway  
with a public highway at Millwood  
avenue.

**BURGLARS GET JEWELS**

The loss of \$2500 worth of jew-  
elry to burglars who broke into  
a house at 1493 Russell avenue  
last night, was reported to police  
by H. Irmas.

#### UNIQUE TAVERN IS FORMALLY OPENED

LEGION POST MEMBERS ARE  
GUESTS AT NEW CAFE  
FESTIVITIES

With members of the metropol-  
itan post of the American Legion  
as guests, the Oaks Tavern, at  
Fourth and Oak streets, was for-  
mally opened last night. The  
tavern is unique in its conception  
and appointments, its subterranean  
location being enhanced by a novel  
interior finishing resembling a cave.

According to Walter B. Wilson,  
the Oaks Tavern boasts the only  
solid mahogany dance hall on the  
Pacific Coast. Along with regular  
cave service, three banquet halls,  
a "hunters' cabin" and a "cave"  
are available for dinners and  
parties. The music and entertain-  
ment features are under the direc-  
tion of Miss Conne Tunberg. Frank  
Reiter is manager.

#### DRUG SQUAD NABS PAIR

Pedro and Jose Almes were ar-  
rested at Fourth and Olive streets  
last night by Officers Hahn, Little-  
john and Hanesfield of the police  
squad, who reported they found  
a quantity of drugs con-  
cealed in the men's clothing.

### DO YOU WANT SILK OR WOOL?

By PAINLESS PARKER

Some dentists seem to consider the  
repair of teeth as though they  
were merely to be looked at,  
rather than as an essential of  
health and comfort that demands  
years of wear and hard service.

For years I

Their idea of quality is something  
pretty and fragile and perishable

They can afford it and the Near-

they can afford it or not, for the  
sake of their social prestige.

## SOCIETY

By CORA YOUNG

The double-wedding which took place last night at the home of Mr. and Mrs. John Gellard Spangler on Windsor Boulevard

was a large and brilliant affair. Their daughter, Miss Lura Lyle Spangler, became the bride of Lyle Wainwright Reinhold of San Francisco, and their daughter, Miss Martha Jane, was married to Wellington Polson Bonner, now of this city. Rev. George Davidson of St. John's Episcopal Church read the marriage vows.

Yvonne Pasquale of San Francisco was Miss Lura's maid of honor and Miss Violet Andrews was Miss Martha's. Mrs. Cornelius Willis and Miss Mildred Elton were the bridesmaids. Elton Shaw of San Jose and Porter McCoy were best men with Kenneth Stoddard of San Francisco and Thomas Frank as groomsmen.

The beautiful young brides wore handsome imported wedding gowns. Miss Lura's was of Myra crepe satin with a yoke of old Venetian rose point lace, and made en train. Her veil was fastened to a coronet of rose point and caught with pearls and orange blossoms, with a veil of tulle over the eyes. Miss Martha was in white crepe, beaded with crystal beads. Her veil caught with a coronet of old Duchesse lace, with orange blossoms and pearls, and a veil of tulle across the eyes.

Both carried white orchids, lilies-of-the-valley and gardenias. The bridal attendants were in taffeta frocks of various colors, but made alike—light waists and full skirts, cut up in points and the triangles filled with chiffon of the same color with bouquets of French flowers. The brides' mother wore a Lure model of handsome coral crepe beaded in silver with a corsage of orchids and lilies-of-the-valley. The spacious home was elaborately decorated with bronzes, colored chrysanthemums and golden roses and lilies and ferns.

The ceremony was followed by a reception and supper for 150 guests. Mr. and Mrs. Reinhold have gone to Vancouver for their honeymoon and will live in San Francisco. Mr. and Mrs. Bonner will spend their honeymoon at Coronado and live in this city. All four of these attractive young people are Stanford graduates. The brides are Kappa Kappa Gamma, Mr. Reinhold is a member of the Delta Upsilon fraternity and Mr. Bonner is a Phi Gamma Delta.

### Smart Luncheon

Mrs. Sloan-Orcutt entertained thirty guests at the Biltmore yesterday with a luncheon party following the first of the series of interesting talks there by Miss Lila Van Kirk on "Topics of the Hour."

### Supper Party

Miss Violet Andrews entertained with a delightful supper party Sunday evening at her home in Lafayette Park Place. The happy occasion was in honor of Misses Lura and Martha Spangler, whose marriage last night was one of the society events of the week. Mrs. Andrews was Miss Martha's maid of honor and her guests Sunday night were the members of the society and a few close friends.

### Engagement Announcements

Mr. and Mrs. J. B. Jaros, formerly of Minneapolis, Minn., announce the engagement of their daughter, Harriet Reva, to Harold W. Raphael of this city. Mr. and Mrs. Jaros will give an informal reception in honor of their daughter and her fiancé next Sunday afternoon at their home in South Shatto Place.

### En Route to New York

Mrs. Lewis W. Andrews of Lafayette Park Place left Saturday for New York to meet Mr. Andrews when he arrives there from Paris. Mr. Andrews has been abroad for the last two months and sailed from Cherbourg for home last Saturday.

### College Night

At the weekly college night party in the Ambassador Coconut Grove last Friday evening there was a large attendance of the younger smart set enjoying the dining and the dancing. Adding to

the merriment was the pleasant rivalry in the dancing contest for the beautiful silver cup, the college night trophy, which was won by Miss Lorraine Walker, dancing with Milton H. Brennan. Miss Walker is a charming young guest at the Ambassador, living there with her sister, Mrs. C. B. Hollister. The contest almost resulted in a tie between Miss Walker and Miss Angeline Larabee, also a guest at the Ambassador. Miss Larabee danced with Stanley Barbee. Miss Marjorie Prevost, dancing with Ward Fleury, was also in the finals. And, later, contributing to the interest of the evening was the arrival of Gen. Joseph Haller, commander-in-chief of the Polish army, accompanied by his aides, who had just arrived in the city on an evening train from San Francisco.

### Box Parties

W. A. Clark, Jr., was host to a large party at the first concert of the Auditorium Artist Series last evening, his guests including Mr. and Mrs. John H. Hamilton of San Diego, Mrs. Florence French of Chicago, Mrs. L. S. Montgomery and Mr. Harrison Post.

Mrs. Elizabeth Rothwell, who appeared in the opening concert of the Auditorium Artist Series last evening, entertained with a large party at the concert.

Mr. and Mrs. R. D. Sheppard were the delightful hosts of a box party at the opening concert of the Auditorium Artist Series last evening, their guests including Count and Countess Caracciola, Mrs. Lee Woollett, Miss Woollett, Dr. Branner Hatfield of the United States Navy, and Mr. and Mrs. Walter P. Story.

Mr. and Mrs. Merle Armitage entertained with a box party at the first concert of the Auditorium Artist Series last evening.

## It's New and Decorative The Bordered Linoleum Floor

PICTURE to yourself your entrance hall with a linoleum floor of alternating black and cream tiles, with a twelve-inch black border framing the floor all around the edges of the room. Or a Dutch tile effect in red and black or gray; or an Italian Renaissance floor of alternating light and dark marble blocks.

Wouldn't you like one of these interesting floors if they could be obtained at a very moderate cost? They can be. For your enclosed sun porch, your dining-room that you are doing over in the modern style, or for your kitchen, where you have installed the latest conveniences, it is possible to have just such a floor in Armstrong's Linoleum.

**Bordered linoleum floors**  
The newest idea is the bordered linoleum floor. This is a tile or pattern inlaid field, surrounded by a border of plain linoleum or two-tone jaspé linoleum. You select a design that

just fits your color scheme and lay around it a border of solid-color linoleum—black, gray, or other contrasting color. This arrangement frames the floor and dresses the room. It provides a delightful note of contrast to too great floor expanse. It lends a "cozy" air to large rooms. It looks as though the floor were "built in."

**Ask your merchant**  
Many good stores have panels made up showing bordered linoleum floor effects. Ask to see them. Also ask for suggestive ideas of floors to fit rooms in your home where you desire unusual decorative treatment. No floor is so easy to clean as linoleum, and your bordered linoleum floor will never need refinishing or re-doing. It lasts for years.

**Write for free sample and booklet**  
Let us send you a sample of Armstrong's Linoleum and our 24-page booklet, "New Floors for Old," containing a score of colorplates of distinctive designs that you can see at good stores—Jaspés, inlaid, tile inlaid, and printed patterns; linoleum rugs, printed and inlaid; also information on laying linoleum and how to care for your linoleum floors.

Dinner

Purée of Lima Beans

Pot Roast of Beef

Corn on Cob

Potato Cakes

Lettuce and Tomato

Compote of Fears

POTATO SALAD

Cut six cold boiled potatoes, after

peeling, into quarters lengthwise

and cut the quarters into thin

slices. Place in a bowl rubbed

with a clove of garlic, add two

tablespoons of chopped parsley, one

cup of peeled white celery cut in

this slice, and enough French

dressing to mix. Stand in the ice

until thoroughly chilled. Season

with salt and pepper, mixed on let-

tuce leaves and garnish with strips

of pimiento and ripe olives.

CIDER SYRUP

Place two cups of sugar in a

saucepan, add one cup of cider and

cook over a slow fire until clear.

FURS OF LIMA BEANS

To three cups of cooked Lima

beans add four cups of meat stock

or bouillon and cook until soft;

rub through a fine sieve, heat,

season with salt, pepper, and

mace; stir in four tablespoons of

sweet butter and serve with cro-  
tons.

POT ROAST

Rub a four-pound piece of rump

or brisket of beef with a clove of

garlic, add one cup of cider and

cook over a slow fire until clear.

Purée of Lima Beans

To three cups of cooked Lima

beans add four cups of meat stock

or bouillon and cook until soft;

rub through a fine sieve, heat,

season with salt, pepper, and

mace; stir in four tablespoons of

sweet butter and serve with cro-

## DAILY DOT PUZZLE

Use the egg beater to beat soap

flakes into foam. You will be sur-  
prised how few flakes will be re-  
quired to make a lot of suds.

A Handy Cleanser

A good-sized cork is a splendid

dabber for scouring knives. Dip

one end of the cork in the cleanser

and rub briskly over the knife

blade.

Hot Dishes Won't Mar

If you polish your dining

room table occasionally with

Johnson's Wax you will have

no trouble with hot dishes. The

Wax forms a thin, protecting

coat over the varnish, similar

to the service given by plate

glass over a desk or dresser

top. Johnson's Liquid Wax is

the ideal furniture polish.

HOUSEHOLD SUGGESTIONS

Whole Nuts

If you wish the meats to come

out whole from nuts, put the nuts

in boiling water for four minutes,

cool, and then crack them.

If You Like Hot Bread

Mix more dough than is neces-  
sary for breadmaking, mold it into

rolls and put in the refrigerator to

bake the next day.

Leftover Meat

Leftover meat may be ground,

mixed with cooked rice, a little

grated onion and a can of tomato

soup. Season and bake in casser-  
ole. Mighty good.

Interior Decoration

Use light, thin materials in

dark rooms.

Net curtains give an enlarging

effect to a small room.

Fringe on curtains. Draperies will

frequently add a finished touch

with little additional expense.

Don't be governed by a passing

fashion when curtaining a window.

Decide on the draperies that show

your home to best advantage.

Cut Yourself a Piece of Soap

Dip the knife in hot water be-  
fore cutting a large cake of soap

and the knife will cut the soap

without chipping.

Where Did I Get Them

Who has not hunted in vain on a

rainy day for rubbers? One

woman I know has had the tread

removed from the bottom step of

her front stairs and put back again

with hinges. The step can then

be raised as you would raise the

lid of a chest, and all overhous-

ings, etc., can be stored in the

box.

To Remove Fat

To remove fat from hot soup,

pour it through a cloth which has

been wrung out of cold water. All

the fat will remain in the cloth ex-

cept just the amount one would

want to enrich the soup. Heat

the soup again before serving.

Have Them on Time

Regular hours for meals will be

a great help to the mother of a

large household. Children will

### Velvet Gowns

Gowns for evening which trail long, sinuous folds of velvet and lace or velvet and fur in one's wake. On which the gleam of countless rhinestones catches the light in soft twinkle and flash.

Gowns for daytime of long, slender proportions—with bands of dark rich fur outlining tunic, flounce or hem.

In colors which have captured the very spirit of autumn and early winter: leafy browns, warm reds, chartreuse, green, deep blues—and black or white.

In sizes from 14 to 44.  
At prices beginning at only \$47.50.

THIRD FLOOR

### For the Layette

HAND-WORK so painstakingly exquisite that it might have been done by mother's own fingers makes these little things a delight to behold.

They include things to wear, and other things for the crib or carriage. All of the fine fabrics which their hand-work justifies.

Hand-made Frocks, all white, beginning in price at \$2.95.

Dainty Little Hand-made Petticoats and Garters, beginning at only \$2.95.

Pillow Covers, hand-made and beautifully embroidered—some as low as \$2.50 each.

Hand-made Sheets, all priced at only \$4.50 and \$5.50 each.

And Pillow Cases to match them at \$2.95.

FOURTH FLOOR

### Real Laces 1/4 Off

THE Sale of Real Laces which occurs at Robinson's this week is far more than a sale. It is an exhibition of laces from the principal markets of such lace centers as France, Italy, Belgium, Ireland and China.

The following needle-point and bobbin laces will be on sale at 1-4 off, during the remainder of the week. Duchesse, Point Gaze, Point Rose, Rosaline, Venice, Venetian, Burano, Bohemian, Carrick Macross, Point d'Angleterre, Point Applique, Princess and Valenciennes.

FIRST FLOOR

### Little Girls' Wash Frocks

CRISP, cool and colorful as a garden of dainty blossoms—yet practical enough to keep their small wearers always sensibly and immaculately clad.

Little Frocks of fine ginghams, percales and crepes in blue, green, yellow and tangerine. All of them trimmed with handwork or contrasting colors—and most of them with matching bloomers.

In sizes from 2 to 6 years, \$3.50 and \$3.95.

FOURTH FLOOR

### Wash Suits for Small Boys

IN ONE-PIECE Oliver Twist or Two-Piece Russian Blouse models—of Devonshire cloth, gingham, poplin, sateen, linen and other fabrics. Some in one color, rose, Copen, green, tan, yellow and tangerine, others with colored trousers and white waists.

Sizes from 2 to 4 years.  
Priced at \$3.50, \$3.95 and \$5.95.

FOURTH FLOOR

**Fur Trimmed Coats**  
at \$65.00, \$87.50,  
\$97.50 and \$110.00

COATS whose fabrics alone place them in the front ranks of fine apparel; deep-piled marmos, gerona, vellasia and velmara.

And every one of them trimmed with fine furs; fox, wolf, beaver, squirrel—dyed or natural.

In designs specially created for differing types and sizes. Coats which add slenderness to larger figures—and dignity to small women. Others in medium sizes for the usual figure.

Modishly straight and wrapped-around—side fastened—gracefully ample of cut.

And in all the newer winter shades: Zanzibar, tampa, kit fox, bunny, squirrel, Alaskan, Rappallo blue, navy and black.

Sizes from 14 to 52.

And these prices: \$65.00, \$87.50, \$97.50 and \$110.00.

## MENTAL CLINIC IS ASSURED

Local Association Announces Acceptance of Offer Made by National Committee

"V. V. Anderson, director National Committee for Mental Hygiene, New York City: The officers and members of the Mental Hygiene Association of Los Angeles county gratefully accept your offer to establish a free demonstration child-guidance clinic in this city. We assure you that the conditions required will be met and that the \$25,000 necessary to continue the work for a year, following your year of demonstration, will be subscribed.

This telegram was yesterday ordered sent to Mr. Anderson by the fifty members of the advisory committee of the recently organized Mental Hygiene Association at a meeting conducted at Pauline Cate's home.

Orta E. Monette was elected secretary-treasurer of the organization at yesterday's meeting. The other officers are as follows: Dr. Miriam Van Waters, president; William H. Holland, vice-president; Dr. E. H. Brainerd, secretary.

**CLINIC NEED AFFIRMED**  
Many social, civic and religious organizations were represented at the meetings and among the speakers were Dr. Van Waters, secretary of the Juvenile Court; Dr. E. P. Hoag, psychiatrist; Miss S. C. Fisher, member of the National Psychological Association.

All of the speakers pointed to the need of the proposed clinic in the interest of the community. Mr. Holland, chief probation officer, said that recently 223 cases of juvenile delinquency were handled by the court in one month.

"Fifty per cent of these cases, at least, might have been eliminated if there had been a mental clinic in operation in Los Angeles," said the speaker, who also pointed out that 90 per cent of crime by adults has its origin in juvenile delinquency.

**COST FOR YEAR OFFERED**  
The offer of the New York organization, which is supported by the Commonwealth Fund of New York, proposes to establish in Los Angeles a clinic to demonstrate the prevention of juvenile delinquency.

According to the plan proposed, the national organization will send experts and supplies to the Los Angeles clinic free of charge and at a cost to the national organization of \$20,000.

After a year's work, if the demonstrations prove successful, the local Mental Hygiene Society will continue the work at the expense of the citizens of Los Angeles, who will be called upon for voluntary contributions.

**BONDS FIXED FOR MEN IN FRAUD CASE**

Gendron and Nickerson of Square Deal Concern Appear at Court

J. S. Gendron and George K. Nickerson, two of the defendants in what is known as the Square Deal Oil Syndicate, with an office at 8 Locust avenue, Long Beach, now under indictment on a charge of using the mails in a scheme to defraud, were at the Federal Building yesterday to arrange bond.

The bond of Gendron was fixed at \$15,000, and he furnished two bondsmen as required by law. Nickerson had one surety for \$10,000, but was compelled to have two qualifying individuals for the total of \$10,000 which is the amount fixed for the bond.

By an arrangement with Maurice Norcop, assistant to David V. Cahill, who has charge of the oil cases in the absence of his chief, Nickerson was given until Saturday next to produce another bondsman.

In the meantime he is at liberty. This cleans up the list of indicted persons charged with operations in connection with the Square Deal Syndicate that collected about \$300,000 trying to sell records show to sink a "duster" at Huntington Beach.

Three persons charged with fraud in connection with the Ellaville Oil Syndicate, a Texas enterprise, are still at liberty, together with another defendant who was operating on his own account on Texas land leased to him by the government. He had no claim to the land, which was cleared up about \$40,000, it is asserted.

**CHARGE "ON" NEW SON**  
The arrival of William T. Kendrick III was the occasion for a cigar shower in the Courthouse yesterday, where the "smokes" were distributed by his father, William T. Kendrick, Jr., a well-known Los Angeles attorney who was a candidate for superior judge at the last election. The addition arrived last Sunday.

In his complaint, Mr. Katzev avers that he asked the return of his property yesterday, after a disagreement concerning the disposition of the picture, and that the defendants refused to grant his demand.

Besides the negatives of the film, which was produced by the Edward Dillon Productions, Inc., at the Goldwyn Studios, Katzev declares that the studio has motion-picture cameras, stills, and other equipment owned by him, which they refused to return.

**Hyperion Beach Site Suggested for Playground**

Request that a portion of Hyperion Beach between El Segundo and Playa del Rey be set aside as a municipal recreation beach has been presented to the City Council by the City Playground Commission. The request is conditional upon the fulfillment of a proposal to extend the sewer outlet at that point farther into the ocean and so treat the sewage chemically that the water will not be contaminated.

The granting of this request would assure the city of three recreation beaches, according to Commissioner Ratt of the Playground Commission, one of the others being at San Pedro and the third just north of Santa Monica Beach. In the opinion of Commissioner Ratt it is important that the city secure as many of these locations as possible prior to the further encroachment of building development.

The commission has received about twenty-five requests from various sections of the city urging that their localities be set aside for playgrounds. The first of these requests, for which \$1,500,000 was voted at the last election, was made by the city of San Pedro.

Work of clearing debris from the site of the recent Motion Picture Exposition has been begun, and it is expected that within a week the ground will be ready for use as an athletic field.

**DRY-LAW MEN RESIGN**

Two Investigators Will Leave District Attorney's Office

George K. Christie and E. K. Woodside, for almost a year members of the District Attorney's Dry Squad, late yesterday afternoon resigned from the county forces.

The two investigators handed in their written resignation to Dist. Atty. Koyne and announced that they intended to leave for San Francisco as soon as they could dispose of cases now pending in the local courts.

**Discards Stomach Pump After 20 Years; Alvita Restores Health**

This amazing story of rapid recovery was told by Mrs. Mary A. Linton, 837 California St., Long Beach, whose condition had become so serious as a result of nervous indigestion that she was compelled to use a stomach pump to gain relief.

Having suffered for 40 years with what the doctors termed nervous indigestion, so badly that I was compelled to use a stomach pump for the past 20 years, I just wanted to tell you that after using your Alvita Tablets for two weeks I am entirely relieved of this trouble—and cannot recommend your products too highly to suffering humanity such as I was.

Alvita is the recent scientific discovery which brings lime, iron and phosphorus to you in a vegetable form which can be assimilated. Alvita is prepared in convenient, highly concentrated tablet form from the deep-rooted alfalfa plant which science discovered is a rich storehouse of the vital mineral salts. No matter if you have tried many remedies, try this tonic of nature now. A dollar buys a box of Alvita tablets at any drug store.—[Advertisement]

#### Prune Shortcake

To 2½ cups flour, add 4 teaspoons (level) Royal Baking Powder, ½ teaspoon Diamond Crystal Salt, 1 tablespoon cane sugar, 1 cup sweet milk, 3 tablespoons Crisco. Mix the dry ingredients and sift. Work in the shortening with finger tips; add the milk gradually. Toss on a floured board, divide in two parts, pat out and fit into pans. Bake 15 minutes in hot oven. Between the layers and on top place cooked prunes, cut in small pieces; pour prune juice around each portion and serve with (or without) whipped Federal or Libby's Evaporated Milk. To whip, use Daley's Cream Whip. A tested, home recipe.

**AN ORANGE PIE!** The flavor of a fresh fruit enriched by a creamy filling. A shell of flaky pastry and a top of appetite-tempting meringue browned just enough. An orange pie pleases the whole family. Twenty minutes suffices if pastry is ready.

1 cup sugar  
1-3 cup Globe "A" Flour  
1 cup orange juice  
8 egg yolks

½ teaspoon salt  
2 tablespoons Adela Oil  
Grated rind of 1 orange  
Juice of 1 lemon.

Mix sugar, flour, salt and grated rind. Add fruit juice and cook in double boiler 10 minutes, stirring constantly. Add oil and egg yolks beaten well; cook 5 minutes and cool. Pour into piepan lined with pastry baked a golden brown. Cover with meringue of egg whites beaten stiff with 1-3 cup powdered sugar and teaspoonful of orange juice and brown in moderate oven.

Clip and save this recipe.

#### GRAPE AND APPLE JAM

T. H. City, wants a recipe for grape and apple jam using black grapes. Weigh out six pounds of black grapes that have been removed from the stems and cut in halves. Place six cups of sugar in a preserving kettle, add four cups of water and bring to a boil, add the grapes and two pounds of peeled, cored and sliced apples. Boil a half hour and cook until the grapes are soft, then rub through a sieve to remove the seeds and return to the kettle and cook until a little will jelly when dropped on a cold plate. Turn into hot glasses, cover tight, store in a cool, dark place.

#### PINEAPPLE CAKE FILLING

V. A. M., Hawthorne, asks that we give a cream pineapple filling for cake. Beat one cup of heavy cream to a stiff froth and gradually work into it, alternately, one cup of sifted confectioners XXXX sugar and one cup of grated pineapples drained from all juice. Spread this mixture between layers of sponge cake and cover the cake with candied pineapples and candied cherries.

#### PUDGING SAUCE

A. H. City, requests a recipe for a cold mixed, rich orange sauce for puddings.

Beat to a cream half a cup of

sweet butter and gradually beat into it three-quarters of a cup of powdered sugar; beat well and heat in half a cup of strained orange juice and one tablespoon of lemon juice.

#### ROSELEA JELLY

H. M. Claremont, has a number of roseleas bushes and asks that we give her a recipe for roseleas jelly.

Wash and place the roseleas in a preserving kettle, do not pick off the outside; add enough water to cover and boil for one hour or until the roseleas are soft. Strain through a fine sieve. Place the juice in a saucepan and simmer for ten minutes. Measure the juice and for every cup add one cup of sugar. Boil quickly, skimming carefully all of the time, for twenty minutes or until a little of the juice will jelly when dropped on a cold plate. Pour into hot glasses, cool and seal.

#### BAKED MACKEREL

R. D. E. Huntington Beach, wants a directions for preparing baked fresh mackerel. Clean two medium-sized fresh mackerel, remove the scales and fill with a mixture of one cup of bread crumbs, two tablespoons of melted butter, one tablespoon of chopped capers and a seasoning of salt and paprika. Sew up the opening and place the mackerel and the roseleas in a baking dish with two tablespoons of butter. Sprinkle the mackerel with sifted flour, salt and pepper and bake thirty-five minutes, basting every eight minutes. Serve with half a cup of melted butter to which has been added a little lemon juice and one tablespoon of finely chopped parsley.

#### TOMATO RABBIT

P. L. G. City, wants to know how to make a tomato and cheese rabbit. Place in a double boiler two tablespoons of butter and two tablespoons of flour and stir until the butter is melted. Add gradually three-quarters of a cup of milk and stir until thick and smooth. Add three-quarters of a cup of cooked and strained tomatoes and one-eighth of a teaspoon of soda; when this is hot add two cups of finely chopped American cheese and a seasoning of salt and paprika. When the cheese is melted pour the mixture over squares of toast on hot plates.

#### APPLE AND CRANBERRY PIE

M. W. Hollywood, tells of a wonderful pie made of apples and cranberries that is served with a custard at a tea room in Washington and asks us to tell how it is made. Sift four cups of flour into a bowl and add three tablespoons of sugar and half a teaspoon of salt; mix well and rub or chop in one cup of butter or half butter and half lard. When the mixture is like coarse meal and enough ice water to make a stiff paste. Cover and set in the ice box for three hours. Roll out and slice large tart, cooking apples. Line a deep tin with part of the pastry, cover the bottom with a layer of the sliced apples, cover apples with a layer of washed cranberries, sprinkle over two tablespoons of water, and add four tablespoons of water. Continue this method until the tin is filled. Dot the top with bits of butter, cover with pastry, cut three slits in the top and bake in a moderate oven forty-five minutes. Serve with a cold custard. For the custard heat two cups of milk in a double boiler and when hot stir in the yolks of four eggs beaten with four tablespoons of sugar and stir until thick and smooth, do not boil. Remove from the fire, cool and flavor with one teaspoon of vanilla and half a teaspoon of lemon extract.

#### MEAT LOAF

E. M. would like to know how to make a meat loaf from cold roast beef that does not have to be baked. Place through the fine knife of the meat chopper four cups of cold roast beef and mix in a bowl that has been rubbed with half an onion, with one-quarter of a teaspoon of mace, half a teaspoon of allspice, one teaspoon of cinnamon, one-quarter of a teaspoon of cloves and a seasoning of salt and pepper. Mix well and one cup of boiling beef stock. Pack in an oblong bread pan, set on the ice for four hours; unmold on a lettuce-covered platter and garnish with strips of pimiento, asparagus tips, quarters of lemon and sliced hard-boiled eggs.

#### BAKED HALIBUT HOLLANDAISE

B. H. City, requests directions

for preparing baked halibut with hollandaise sauce. Dry the required number of slices of halibut and brush both sides with melted butter, sprinkle with salt, pepper and onion juice. Place in a baking pan, cover with buttered paper and bake fifteen minutes. Remove to a hot platter and garnish with lemon slices, parsley branches and chopped green and red peppers. Serve with Hollandaise sauce.

#### HOLLANDAISE SAUCE

Place two teaspoons of lemon juice in a double boiler with the yolks of two eggs and whip over the fire very quickly while adding gradually three-quarters of a cup of sweet butter broken in small bits. Whip until thick, do not boil, remove from the fire and add a seasoning of salt and cayenne.

#### CUCUMBER CATSUP

A. H. L. Pasadena, had a cook who made a cucumber catsup that was very nice, but she would not give her the recipe and asks that we supply it. Peel and slice very thin eighteen large cucumbers and mix them of salt. Mix well and place in a with four cups of peeled and finely sliced white onions and one cup large collander and let drain seven hours, stir often. Squeeze dry, place in a large bowl and add four tablespoons of brown sugar, half

a cup of olive oil, four ounces of mustard seed, two ounces of ground black pepper and one quart of boiling vinegar. Mix well, pack in small jars and on top of each float a little olive oil. Seal tight and store in a cool, dark place.

## Action Against Negro Political Leaders Fails

George Brown, George Henderson and Richard Becker, negro politicians who figured largely in a recent investigation of the police department, appeared in Judge Elliott Craig's court yesterday as defendants in a suit brought against them by Max Cohen. Cohen asserted that he had rented the second floor of his brick building at the corner of Ninth street and Central avenue to the trio, to be used as a social hall. He sued for \$400, covering rent due from the premises for the months of August and September. Due to the fact that service had been made on but one of the trio, the action was dismissed by the court.

## Price's Case Continued: Permit Granted

Federal Judge James again continued the hearing of the case of Roscoe Price, former School of Applied Technology, charged with mailing to defraud a list of names in the school book. At the same time Helen Moore was allowed to develop a quarter section of the Moore Desert lands. The application to permit previously filed by the records indicated that the quarter section in question was the same as the one relinquished by Moore. Few women in the West wear hats as big as the one worn by Helen Moore, who is said to be an American woman, and she is said to be a French.

Just telephone your meat dealer.

The delightful tang of Fall mornings  
is made more restful by a breakfast  
of Brookfield sausage, made from the  
choicest morsels of carefully selected  
pork, blended with spices.

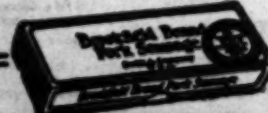

That is but one of the services  
that Swift & Company renders—  
making available to you numerous  
products of the highest quality, when,  
where, and as you wish them.

This has been made possible by the  
development, during more than a  
half century of service, of 23 packing  
plants adjacent to the best producing  
centers, hundreds of branch distrib-  
uting houses, one of them near you,  
and several thousand refrigerator cars  
which carry the meat to your dealer  
in the best condition.

Volume production enables  
Swift & Company to offer you this

## FORESTERS GO TO PORTERVILLE

Move to Winter Quarters  
Earlier Than Usual

Santa Rosa Lands 1924  
Grange Convention

W. D. Keeley Heads Lindsay  
Commerce Chamber

PORTERVILLE, Oct. 22.—The  
district forestry headquarters have  
been moved to Porterville for the  
winter season several weeks in ad-  
vance of last year. They are lo-  
cated at California Hot Springs  
during the summer months and un-  
til after the fire danger is prac-  
tically passed. Owing to early ar-  
rival of autumn the move is now  
being accomplished in the latter part  
of the season.

Forest Supervisor Frank P. Cun-  
ningham will be assisted in the of-  
fice by Lee Shinkard, deputy forest  
supervisor; H. L. Phelps, adminis-  
trative assistant; Walter E. Jetter,  
forest assistant; and Miss Cora An-  
derson, stenographer.

Jetter has been transferred to  
the Sequoia National Forest from  
the Plumas National Forest. He  
has been in charge of the Sequoia  
Plumas county, have taken up their  
residence in this city.

**LUMBERWOMAN TO SPEAK**  
Miss Alberta Ruth Brey, vice-  
president of the Brey-Wright vine-  
yard company of this city, will dis-  
cuss "The Romance of the Retail  
Lumber Game" at the 1924 lumber-  
man's convention to be held in San  
Francisco, on the 24th inst. Miss  
Brey has had considerable prac-  
tice in the lumber business and  
will no doubt have interest-  
ing things to say.

The annual dinner will be Friday eve-  
ning, in the gold ballroom of the  
Palace Hotel. A. B. Wastell, man-  
ager of the lumber association,  
will act as toastmaster, while Dr.  
Joseph A. Stevenson of San Jose  
will speak on "Service and Co-  
operation." A special entertain-  
ment program will be given.

**GRANGERS PICK SANTA ROSA**  
At the close of the feast of Po-  
seidon, one of the big events of this  
year's session in Dinuba, George E.  
Hecke, state director of agriculture,  
emphasized the importance of the  
formation of a board of agricul-  
ture to serve nine terms as against  
the system now in use—direction  
of agriculture affairs by one man.

He urged close inspection of in-  
coming boxes and baggage at the  
State borders for the fruit fly as  
the only solution to cut down this  
menace.

**LINDSAY CHAMBER ELECTIONS**  
LINDSAY, Oct. 22.—W. D. Kee-  
ley will head the Lindsay Cham-  
ber of Commerce for the coming  
year by action of the members.  
Recommendation of A. C. Tienken,  
retiring president, that a public  
automobile park be established, was  
acted upon and a committee ap-  
pointed to investigate.

Approval was given the Tulare  
County Commercial Secretaries  
work in preparing to provide funds  
for continuation of the State com-  
mittee on water resources in the  
county.

Other officers are: First vice-  
president, H. A. Brody; second  
vice-president, R. E. Wolf; sec-  
retary-treasurer, C. O. Griffin.

**TO ADOPT GARBAGE LAW**  
VIRALIA, Oct. 22.—Viralia's  
new garbage ordinance will be  
adopted by the city trustees on the  
24th inst. The ordinance is effec-  
tive as soon as legal proceed-  
ings are concluded. On November  
5, the board will open definite dis-  
cussion of a new city license  
ordinance which must be passed  
in November if it is to become ef-  
fective in time for the new quar-  
ter.

Practically the entire month of November will  
be devoted to the license ordinance.  
Protest on West Center-street  
paying water overruns for  
paying R. together with Hall  
and Giddings avenue between  
Court and Center, may be under-  
taken at once.

**WORKER LOSES ARM**  
CLAYVILLE, Oct. 22.—Mr. and  
Mrs. Frank Sutch have received  
word that their son, who had been  
working for a cement concern in  
Los Angeles, suffered the loss of  
an arm during the operation of a  
concrete mixer.

**DINING CAR CHIEFS  
VISIT LOS ANGELES**  
Returning from their convention  
in San Francisco, superintendents  
of dining cars of various eastern  
railroads yesterday and are  
spending several days  
sight-seeing in and around Los  
Angeles. The party is in charge  
of C. R. Walsh, assistant superin-  
tendent of the Southern Pacific din-  
ing cars, here. Included in the party  
are L. J. Garvey and wife, gen-  
eral agent of the International  
Sleeping Car Company, New York;  
H. L. McClure, superintendent of  
dining cars of the C. R. P. M. &  
O. Ry., Minneapolis, Minn.; Andrew  
Ellerman, superintendent of dining  
cars for the Lehigh Valley Rail-  
road, Easton, Pa.; O. M. Hart, su-  
perintendent of dining cars, West-  
ern Railroad, St. Louis; H. S.  
Caleut, superintendent of dining  
cars, C. & O. Chesapeake, O.;  
Charles E. Starnes, superintendent  
of dining cars, C. & N. W. Ry., Chi-  
cago; A. G. Webb, dining-car su-  
perintendent, Northern Pacific  
Railroad, Portland; and T. Gorman,  
dining-car superintendent, Canadian  
National Railroad, Winnipeg.  
They are accompanied by their  
wives.

**SEEKS TUCSON GIRL  
BELIEVED KIDNAPED**  
Deputy Sheriff Fox yesterday be-  
gan a search for Simona Burrue,  
youthful daughter of a prominent  
Castilian family at Tucson, Ariz.,  
believed to have been kidnaped  
from her home on the 19th inst.  
Fox said that the girl had been  
taken from her home once  
before and was being held near the  
Mexican border. She said then  
that her captors had told her they  
were taking her into Mexico. Tuc-  
son authorities began searching for  
the girl at the request of Mrs.  
A. B. Warner, with whom she has  
been living.

## STOP AT SCHOOL SOR BE PENALIZED

Emergency Ordinance Will  
Be Enforced When  
Lines Appear

The City Council yesterday  
adopted an emergency ordi-  
nance which goes into effect  
today requiring all automo-  
biles, street cars, motorcy-  
cles, bicycles and other ve-  
hicles to come to a complete  
stop at crossings used by  
school children between the  
hours of 7:30 a.m. and 4:30  
p.m. on school days. The  
ordinance was enacted as the  
result of the injuring of a  
number of school children by  
reckless drivers.

The ordinance cannot be  
strictly enforced until the  
police department has painted  
broad white lines on the  
pavements at crossings used  
by school children. These  
lines will be twenty-five feet  
apart and will be marked  
"Stop-School." Violators of  
the ordinance can be fined,  
jailed, or both.

## Bond Sale for Library Site Recommended

In order to speed up the con-  
struction of the new \$1,500,000  
central public library on Normal  
Hill, the Finance Committee of the  
City Council yesterday afternoon  
agreed to recommend the imme-  
diate sale of the \$500,000 library  
bonds voted on June 1 for the pur-  
chase of the Flower-street por-  
tion of the site.

By the sale of the bonds the  
money will be on hand to pay for  
the land when the decision of the  
court to take the cost of the property  
is handed down. The printing of  
all of the unsold or undelivered  
bonds of the \$1,500,000 public  
library bond voted two years ago  
was also recommended by the com-  
mittee, so that the bonds can be  
delivered at once and the cash  
received so that the library board  
can pay for engineering and con-  
struction work on the new build-  
ing.

**A Suggestion**

**HOLLYWOOD BASEBALL  
TEAM TO GIVE DANCE**  
With \$100 in prizes to be com-  
peted for, the Hollywood Mar-  
chant baseball team will give a  
masquerade ball at the Hollywood  
Masonic Temple the night of No-  
vember 5. As one of the condi-  
tions under which entrance must  
be made, the rules committee has  
announced that all contenders  
must wear a mask until after the  
grand march, which will take  
place at 10:30 o'clock. Those com-  
ing without costumes may dance  
without masks. Proceeds of the  
ball will go toward putting in  
shape the team's ball park near  
Santa Monica Boulevard and High-  
land avenue. The committee of  
judges includes Johnny Walker,  
Frank Mayo, Jack Dempsey, Con-  
way Tearle and Dave Butler.

## Aged Woman Struck by Auto, Seriously Hurt

Wife of James A. Tully, Fire  
Fighter-Author Given Devotee

Mrs. Lucy Evans, 78 years of age,  
residing at 711 South Hampton  
Boulevard, was struck and seri-  
ously injured at Seventh  
street and Broadway yesterday  
afternoon by an automobile driven  
by J. W. Zeigler of 413 Columbia  
avenue.

She was taken to the Receiving  
Hospital, suffering from con-  
cussion of the brain and internal  
injuries.

**NOVELIST DIVORCED**  
Wife of James A. Tully, Fire  
Fighter-Author Given Devotee

James A. Tully, novelist and  
former prize fighter, yesterday was  
divorced by his wife, Florence B.  
Tully, in Judge Hewitt's division  
of the Superior Court. She  
charged desertion. The author was  
not present in court to contest the  
case although previously he had  
been told by her husband that he  
asserted that his wife nagged him  
and finally left him.

The Tullys were married in  
Kanton, O., in 1919. They sepa-  
rated in 1921. The separation, ac-  
cording to the wife, came after she  
had been told by her husband that  
matrimony was not conducive to  
sound thought or brilliant  
writing. Some time after this, she  
said, he left.

Tully's book, "Emmet Lawler,"  
written a few years ago, won him  
instant recognition in the literary  
world.

**LUNCHEON FOR OWSLEY**  
Former Legion Head to be Feared  
By Local Democrats

A luncheon in honor of Maj.  
Alvin M. Owsley, Past National  
Commander of the American Leg-  
ion, will be given in the Alexan-  
dria ballroom Thursday at noon  
by the Los Angeles Democrats,  
according to announcement made  
yesterday by Robert L. Hanley,  
president of the Democratic  
Luncheon Club; Mrs. Tom  
McClellan, president of the Wom-  
an's Democratic League, and  
Klimpton Ellis, president of the  
Democratic Federation of Los  
Angeles.

**HELD ON CHECK CHARGE**  
Charged with passing worthless  
checks for a total of \$1100 in Los  
Angeles during the last few weeks,  
Morrison Wilson, 36 years of age,  
was brought back from San Fran-  
cisco yesterday by Detective Lieut-  
enant Officer and Smith. He was  
arrested in the northern city Sun-  
day. Complaints have been made  
against him by many merchants  
and hotels.

## Woman Accused of Shoplifting Asks More Time

Relative of Shoplifters  
Answered Juror's Question

Mrs. Eva Mae Miller, 35 years  
of age, of 144 South Main  
street, Pasadena, yesterday  
asked for additional time to  
plead to a charge of shoplift-  
ing. She was arrested on the  
time of pleading guilty to the  
charge, and continued her  
bond of \$100.

She was arrested when  
Hamburger's Department  
Detecting Bureau and the  
of the Starred Ward  
Association. They were  
about \$12 worth of goods.

**CHAMPIONS ANSWER**  
Relative of Shoplifters

Each Radiator an Independent Steam Heating Unit

Ordinary heating systems waste 74% of  
the heat they generate—either up the  
chimney, in the circulating system, or  
from incomplete combustion. You, there-  
fore, pay for approximately four times as  
much heat as you get.

Contrast this with Clow Gasteam which  
converts every cent's worth of fuel into  
healthful warmth in the rooms in which  
the radiators are placed. You get 100%  
of the heat you pay for. No warmth is  
wasted.

Clow Gasteam saves the cost of excava-  
tion, the cost of furnace room, and the  
cost of vent flues.

Clow Gasteam costs less for fuel than  
central steam plants, furnaces or gas heat-  
ers.

**Economy Only One of its Many  
Advantages**  
Steam heating—always recognized as  
the most hygienic, agreeable and effective  
systems of heating—using gas fuel. Every  
advantage of steam with every conveni-  
ence of gas.

Clow Gasteam radiates cheer through-  
out the home. It distributes soft, moist  
warmth uniformly throughout the rooms.  
All the healthful properties of the air are  
preserved. This is the only heating sys-  
tem that maintains the normal humidity  
of the air.

How to Tell Counterfeiters  
Bank tellers and cashiers know little about counterfeit money. Neither do they make a study of it as some people suppose. If a counterfeit note comes into their hands they look it over and note its peculiarities, to be sure, but these banking men never really make a study of counterfeiters.
